

Aymestrey Parish Council Information Sheet January 2026

1. Correspondence

- a) Request that poor surface of Ballsgate Lane be reported, in addition, query why fence that fell into the stream in 2015 has not been repaired satisfactorily. Since then, it has been replaced with a plastic fence which was washed away by the stream, followed by bollards and warning signs, which have mostly been destroyed, and are regularly obscured by vegetation. A concern was raised that an accident may happen if a vehicle is inadvertently driven into the stream.

- 2. **New notice board at the Parish Hall.** The board has been delivered and will be installed soon by two residents – who are thanked for their assistance.

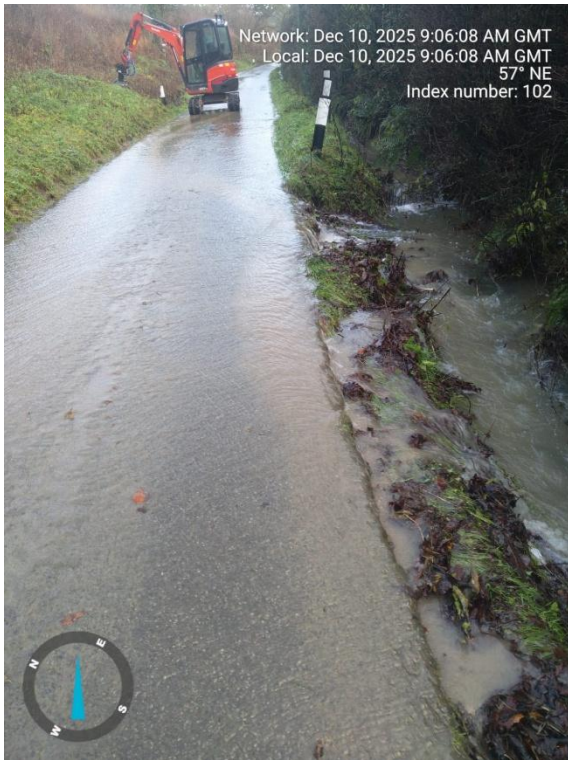

- 3. **Notice board at Mortimers Cross.** The refurbished board has been installed.

- 4. **Defibrillator – The Parish Hall.** Advice received from The Circuit that the defibrillator may have been used on 18 January, as a result, it was listed as *Not Available*. The Guardian checked its status on the same day and confirmed with The Circuit that it is available for use.

- 5. **Drainage Work completed in December 2025 by The Lengthsman.**

Maggie Brown, Clerk. 22 January 2026
