

IT Working Group Meeting 7 May 2026.

Present: All members of the Working Group: Cllrs Archer, Murrie & Waldron, one Member of Public and Maggie Brown, clerk.

Summary.

Cllr Murrie presented a prototype website for the Group's consideration.

- No change of website address or hosting arrangements.
- No additional cost.
- The site would be for the Parish, not just the parish council.
- The site would be owned and managed by the Parish Council.

Presenting the prototype site to APC members was proposed.

A vote was taken, and it was agreed to present the site at the May meeting for APC members' consideration.

If members agree, further improvements will be made, and consideration given to management structure, holding of passwords, resilience, continuity, training etc.

Cllr Murrie and the Member of Public were thanked by the clerk (reiterated by other members).

Clerk's note – the group is fortunate to have three members with an IT background.

8 May 2026

Maggie Brown, Clerk.
