Reply from Ian Connolly – Traffic Management Advisor, Road Safety Team, West Mercia Police. “I can confirm we’re still enforcing in Aymestrey. The site is only suitable for our motorcycle so activity is weather dependent and reduces over the winter months. Since February this year the bike has been out every month – from those 6 visits 53 offences were processed. They do go at different times of the day; on the last visit they were on site just after 6am. Since the beginning of July 2025, we have made 12 visits with 99 offences processed.”

STOP PRESS! Police speed checks took place on Tuesday 15 September. Within the first 30mins eight offences were recorded. The fastest offender driving at 44mph, southerly direction.
